Title: " System and Method of getting for a bicycle and other pedal-driven vehicles mechanical energy output exceeded muscular energy input due to the gravitational lev

Dear C. Marcus;

We know, that it takes about two years from start to get a final Office action.

In response to our requested corrections of application, dated 05/07/2004, we got the current status, shown above. Since the publication on Internet (06/23/2005) we have had any Office action.

Would you, please, inform us that everything is on track and nothing missing. Before it happened to us few times. That is why we are worried

Sincerely  
Marnopolsky  
G. Tarnopolsky

P.S. If you need some additional information about riding prototype, let us know
